# Statement from Mr. Aniruddha Nag

*“Entrance exam preparation is an industry now, with its market spread across all corners of the country. The aspirants are in abundance, and ready to put in effort and money to get into institutes. There are books to learn, but there are not enough tools to evaluate the preparation level. Existing methods are full of redundant exercises and often not very effective. With the advance of software techniques, this hurdle can be tackled in a much more sophisticated way and that is where KonarClasses come in. The founders have used their academic and software background in a novel way so that preparation is automated and measurable. Not only that, they can track individual candidates for all their previous mistakes and randomly recheck those. For most Indian cities with full of traffic problems, they offer a full test platform from the comfort of home, which is quite exhaustive for all the subjects. There are levels of exams which help in building the confidence slowly and surely, with the facility of evaluation. Past results are always available for review. All these come at a cost which is not prohibitive. I sincerely believe that this is very useful for all the aspirants.”*

Above statement is from Mr. Aniruddha Nag, Director, R&D at Synopsys Inc. Both his son and daughter, students of FRANK ANTHONY PUBLIC SCHOOL took online test platform from KonarClasses for their preparation for board examination, IITJEE, K-CET and other engineering entrance examinations.

# Statement from Mrs. Avani Kalyani

*“Dear Ujjwal Sir, Greetings of the season! One fine afternoon, some anonymous text message came about test preparation for NTSE at KonarClasses. We thought of exploring it further as we truly were wanting our daughter, Simoni to do better in NTSE. And that was the beginning of our association with you sir! The first couple of classes that we attended, we were convinced of your passion, success of your students. The emphasis given on clearing the fundamentals is appreciated and liked by your students most. It's the philosophy of correcting, what made your student go wrong which led to clear the concepts. It is these differentiation in your teaching method, places you in unique quadrant! It is rigor with which you pursue and follow through test, self learning tasks and exercises with your students is contagious. That energy level made my daughter realize her responsibilities. NTSE teaching and experience made us extend and continue with you for the preparation of class 10 post, November. The test cycles and it's evaluation, feedback sessions comes pretty much back to back.. The online platform augurs well in the overall scheme of things. The strong network of faculties that you have is visible. Overall it has been great being associated with you. Thanks & regards,-- Avani.”*

This feedback is very helpful to the student in understanding his mistakes and to take corrective actions. At that time I thought, what he is talking right now, will he execute it in upcoming days? But I was wrong. He is the best teacher I have ever met. It's because he is the student of his students in true sense. Whenever you asked any question whatever the level of the question, he never irritates by the question and explains the fact until you got it. Konar-Sir is not just a teacher, to me he is a guide and a mentor in true sense. He is always there to clarify the doubt, sort-out the problems, whenever a student needs and hardly comes the way – the time, the medium and other hurdles. Being associated with Konar-Sir means not just learning but understanding the facts, not only lesson but knowledge. He helps you in exploring the unfathomed potential and shapes the skills in a way, which helps you to reach and realize your goals. And one thing that Konar-Sir always used to say and I love that is "You will tired by asking but I will never tired by explaining." In the last one thing I want to mention that he gives the value of your money and your time, because in his classroom there is one-to-one mode of learning, means one can ask the question directly to Konar-Sir in the classroom or over the e-mail or on the phone and get the solution immediately. Thanks & Regards, Brajesh Kumar."*
